We Want to Be a Partner in EPA's National Partnership for Environmental Priorities

IDENTIFYING INFORMATION	
Name of Organization: Prior Coated Metals, Inc.	Facility Name:
Principal Contact: Gregory Gemgnani	Title: EH&S Director
Authorizing Official: Floyd E. Wood	Title: VP and General Manager
Address: 2233 26 th Street, S.W.	City/State/Zip: Allentown, PA 18103
Phone/Fax: (610) 797-5200 / (610) 797-2584	Email: ggemgnani@enter.net
EPA RCRA ID Number: PAD056602923	Date: 7/11/06
PARTNER AGREEMENT	
Our organization is choosing to become a partner in EPA's National Partnership for Environmental Priorities. Our goal is to reduce to quantity of one or more Priority Chemicals currently found in our products, processes, or releases using techniques such as source reduction, recycling, or other materials management practices. In this enrollment application, we identify one or more voluntary goal that we believe we can achieve as partners in this program. The voluntary goal(s) provided below is an initial estimate and may change over time. We may revise our goal(s) or withdraw from the program at any time. If/when we choose to revise our goals or withdraw from the program, we will notify EPA.	
GOAL #1. Chemical Name: Naphthalene	CASRN: 91-20-3
Narrative description of proposed project:	
Naphthalene is a component in one of the reducing solvents used	to adjust viscosity of our paint. We will focus on product
substitution of this reducing solvent to a naphthalene-free reducing	
naphthalene stored and disposed from our facility. How we will measure success:	
1a. Our voluntary source reduction goal for Chemical #1 is to red amount of 3,600 pounds in June, 2004 (month/year) to	
amount of 3,600 pounds in June, 2004 (month/year) to December, 2006 (month/year). 1b. To accomplish this goal, we will use the following source reduces the source of the	o a reduced amount of 1,800 pounds generated/used by ction options (check all that apply):
amount of 3,600 pounds in June, 2004 (month/year) to December, 2006 (month/year). 1b. To accomplish this goal, we will use the following source reduce Equipment or technology modifications.	o a reduced amount of 1,800 pounds generated/used by ction options (check all that apply): Process or procedure modifications.
amount of 3,600 pounds in June, 2004 (month/year) to December, 2006 (month/year). 1b. To accomplish this goal, we will use the following source reduce Equipment or technology modifications. Reformulation or redesign of products.	ction options (check all that apply): Process or procedure modifications. Substitution of less toxic raw materials. Improvements in maintenance/housekeeping practices.
